BUSINESS-THE BLOOD OF NATIONS

Business training is offered to our students through courses in General Business, Sales and Law, Personal Typing, Typing I, Bookkeeping, Business Skills, and Office Education.

Freshmen may pursue a course in typing and the following year enroll in general business, or they may begin their typing as sophomores. All other courses are offered to juniors and seniors except for office education which is designed for seniors interested in office employment or further study in business colleges.

Business skills and office education, courses tailored in a business setting to provide experiences in various disciplines required in a business office, are two new offerings implemented into this year's curriculum. Here students are improving previously learned skills as well as gaining new experiences in the use of various office machines.

This is really very simple.

Geometrics-learning by doing.

In 1957, when Sputnik first aroused America to the need for better scientific training, the mathematics program in Capac High School was limited to about four level, some taught only in alternate years.

Now seven different levels of mathematics are offered every year. There are eleven classes with almost half the students in grades 9-12 enrolled in a class. Three teachers are employed part time in this department.

The classes offered are general math, Introductory Algebra I and II, Algebra I and II, geometry, and Senior Math. Through this program, every student is offered the opportunity to take as many years of mathematics as his needs require. Some may stop with a competency in general math and others may continue through four years until they are prepared for college calculus.

VOCATIONAL EDUCATION: CLASSES WITH A MEANING

The Capac Cooperative Vocational On-Job-Training program is set up to give students experience on jobs while receiving training in High School.

The student works approximately half of a day on the job while being enrolled in a vocational class which has some relation to the job. The student is also enrolled in a Coop class which meets once a day and is designed to round out his training by bringing in topics that are important on the job such as: Employer-employee relationships, attitudes on the job, and various other items designed to help the student.

THE CLASS OF 1976

Mr. Weston

Mr. Hess

We, the class of "76", started a successful year by electing Lisa Clark as President; Jim Tamba, vice president; Tim Meikle, Secretary; and Sue Glombowski, Treasurer.

As Homecoming rolled around, we elected Gladys Thomas as our princess. Our float, "Humpty Dumpty" tied for third place with the Freshmen Class.

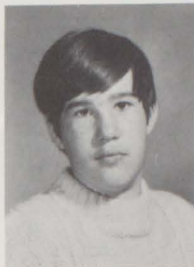

We entertained the elementary classes with a dance-fun night in November. We also had a dance in the early spring.

A farewell bridal party was held for our sponsor, Miss Karen Medford (now Mrs. William Howell). We are now honored with Mr. Weston and Mr. Matthew Hess as our sponsors.

All in all, it was a most exciting year.

THE CLASS OF 1975

Marilyn Manning

Our Freshman Class started with a "ball of fire" by electing Steve Kamidoi, President; Bob Kerstan, Vice President; Cindy Bollaert, Secretary; and Debbie Bentley, Treasurer in our first year of High School.

Our first spark was to construct our float for our "Nursery Rhyme Homecoming." We showed quite a bit of spirit during the spirit week, and participated in the activities during the week. We chose Lucy Detroyer to represent our class as homecoming princess.

The sophomores officially initiated us into the high school in mid-November. We all had to wear white socks, and the girls had to wear dresses below the knee and red lipstick. The boys had to grease their hair back and roll their pant legs up. We were all honored at a dance with the band "Shake Down" presenting the music. We thanked the Sophomore Class with a dance in February.

In December, Greg Smith and Cindy Bollaert represented our class as prince and princess at the annual Christmas Ball.

THE CLASS OF 1974

With the opening of a new school year came the duty of electing new class officers and they were Teresa Kot, President; Sally Castillo, Vice President; Betsy Briggs, Secretary; and Gerald Whiting, Treasurer.

One duty we all enjoyed was working on was our homecoming float. Being that the theme was "A Nursery Rhyme Homecoming," we chose 'Little Jack Horner.' Although it didn't get too far, we tried. Elayne Barr was our homecoming princess.

Making a decision on the style of our class ring was difficult, but we managed to tackle that problem. They arrived during the spring season.

One task we all enjoyed was initiating the Freshman Class. The initiation ended with a dance in their honor in mid-November.

By this time, the Christmas season was rolling in. To represent us at the Christmas Ball, our royal couple was Jan Clark, princess and Randy Stanilou, prince.

The year was off to a good start and looks as if it will end even better.

Mrs. Shirley Jonkman

THE CLASS OF 1973

We began our junior year with our new class officers. They were Luther Markwart, president; Harry Lewis, vice-president, Melanie Mazur, secretary, and Dennis Kegler, treasurer.

We started our activities by winning first place on our float, "Stomp 'Em". We were represented at Homecoming by our princess Karen Nettnay. We were awarded the Spirit Jug at the end of Homecoming Week, and again at the end of football season.

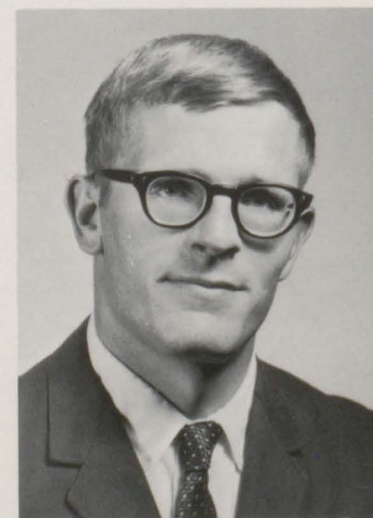

The next activity was the Christmas Ball. We chose Debbie Mayer as our princess, and Dale Barnard as our prince.

"Fantasyland" was the theme of our prom which was held on May 6.

As our year ends, we look forward to our last year at Capac High School.

GRADUATES

THE CLASS OF 1972

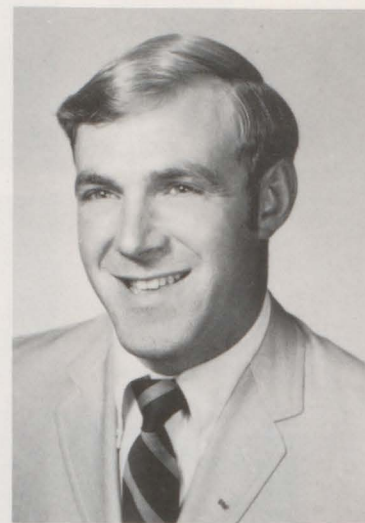

The Senior Class of 1972 elected as class officers: Dan Colby, President; Gayle Smith, Vice President; Nancy Nettnay, Secretary; and LuAnn Tamba, Treasurer. Mr. Tom Herremans, Mr. Alan Keskimaki, and Mr. William Stramaglio were chosen as class sponsors.

Homecoming Week began with the traditional election of the Queen candidates. Elected were: Celeste Jubenville, Rory Kahn, Linda Lumbardo, Lois Nemecek, and Gayle Smith. Celeste Jubenville was elected by the student body as Queen. Our diligently constructed float, "Pease Porridge Hot," placed second.

Senior pictures were taken during the summer and the long awaited day of arrival came in October.

On December 18, we sponsored the Christmas Ball with the theme of "Tis the Season to be Jolly." Representing us as King and Queen were Bill Shutt and Betty Bowman.

ATHLETICS

SPORTS

What are sports? Are they amusement or entertainment? In one way they are, but sports represent accomplishment; the satisfaction of having a goal or objective and striving for it. The striving may be successful or unsuccessful, but that doesn't matter so much if the player feels he had given his best. The road may be hard but the obstacles overcome remain a cherished memory. And many are the friendships that owe their beginnings to some shared sport! -Harry Moore, Athletic Director.

WRESTLING

Wrestling, one of the most ancient sport activities known to man, was introduced to Capac during the 1970-71 school year. The popularity of the sport is beginning to grow in the school and in the sports world.

The activity of wrestling is one of the very few sports that participants compete against others of their own weight, even so it is one of the most physically exhausting activities. From wrestling, participants can develop excellent physical fitness and strength, an ability to protect themselves, and a degree of self confidence-each one a vital ingredient for adequate preparation for life.-Coach, Ron Huntley.

Homecoming brings a little humor.

The National Honor Society was established to recognize students of good character who maintain high scholastic records. Members must also show leadership qualities, and be willing to give of their time in service for others.

Membership is limited to 15% of the Senior Class, and 12% of the Junior Class enrollment. At the spring induction ceremony 10% of the members of the Sophomore Class who meet the requirements are pledged. If these students maintain their scholastic averages, they are accepted as full members in the fall of their junior year.

The Capac Chapter is primarily a service group. Members take tickets at athletic events and perform various other tasks for the school. As a money making project, members dressed as clowns and sold balloons at the Homecoming parade.

DEBATE TEAM

Left to Right: Affirmative team - Janice Rattew, Bob VanNorman; Mrs. Montgomery, Advisor; Negative team - Mary Ogden, Jayme Bell.

Interscholastic debate is formal argumentation in which students research and speak on the same topic for an entire season. This year's topic was "Resolved: that the jury system in the United States should be significantly changed." Four people, two on the affirmative side and two on the negative side, take part in each debate.

Strict time limits are followed and a college debater serves as judge in each match. He awards victory to the side which advances the stronger arguments and supports them more successfully with evidence. Good organization and delivery also count heavily in this decision.

This year Capac competed in the Lower Thumb Debate League which includes Caro, Cass City, Bad Axe, Frankenmuth, Millington, Sandusky and Owendale - Gagetown. Although we completed the season with 3 wins and 11 losses, we did acquire much valuable experience which will help us in our second year of competition.

The Capac Future Teachers Club has one main goal. This goal is to give interested young people an opportunity to explore the field of education as a possible career. The local chapter is affiliated with the state and national organization.

The Club is a service organization in that it is involved with the C. E. A. in providing a scholarship grant each year to a young person who wishes to become a teacher. Club members also work in the community school as they wish.

The Club was organized in 1960. Several local club members have served in state offices. More than twenty past members of the Capac Future Teachers Club are now teaching in Michigan and as far away as Germany, South America, and Africa.

The Capac Education Association sponsors the club and teachers act as advisors.

FFA purchases a new corn crib.

The FFA, as it is commonly known, is a national organization of, by and for students studying vocational agriculture. It was organized in November, 1928, and has grown to a membership of almost 500,000.

Individual achievement and cooperative activities are the theme of the FFA.

Individuals are encouraged to participate in contests and earn degrees and awards in the chapter, district, regional, state and national levels; and to attend state and national conventions.

The FFA finances all of its trips and activities, such as beef projects, corn projects, seed sales, and plant sales, and others. Many of the students have sizeable incomes from their own projects. There are many more activities too numerous to mention.

STUDENT LIBRARIANS

The library is a materials-resource center, designed to serve needs of students from grades 8 to 12. It provides not only books, magazines, newspapers but also films, records, filmstrips, and handles all audio-visual equipment.

The library contains approximately 500 books, which includes all encyclopedias, reference books, many paperbacks, 400 filmstrips, and 50 records and science transparencies.

The library is staffed with one librarian and two student librarians for each hour. These students have completed a one-semester course in library science and thus are able to handle many of the duties in the library. These include assisting students, preparing books and magazines for circulation, typing orders, filing cards, and keeping the materials in order.

One of the duties of the librarian is to provide the audio-visual equipment for the teachers and students.

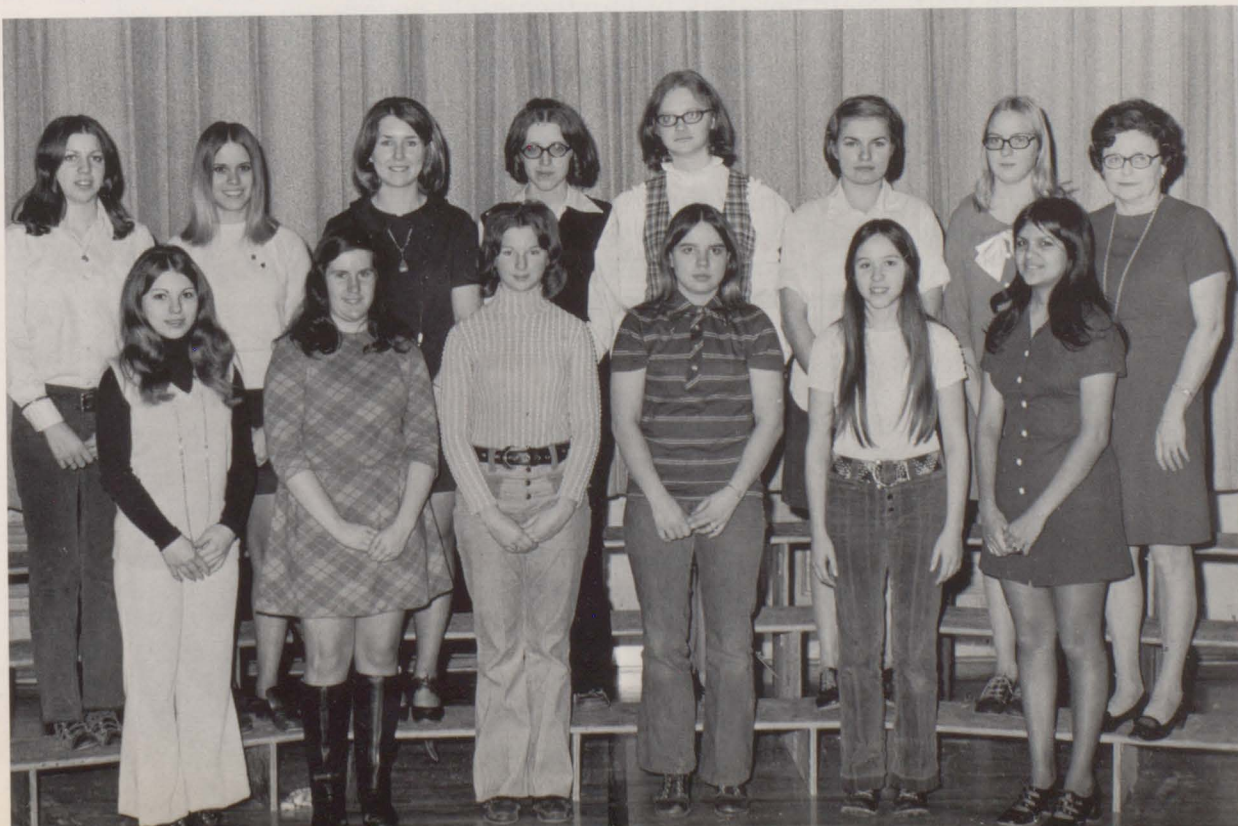

The equipment consists of 16mm film projectors, 8mm loop projectors, filmstrip projectors, record players, tape recorders and a video-tape machine which can be used to tape programs, individual speeches and demonstrations, and athletic games.

The equipment is handled by the projectionists who see that it reaches the room as requested by the teacher and who operate the equipment when needed.

Each student, of which we now have eight, is given individual training in the use of each piece of equipment before he is permitted to operate it.

These students also show films for community groups when school equipment is used.

First Row Left to Right: Cheryl Richards, Lorraine Alexander, Tina Murphy, Connie Kersten, Vita Guzman, Gloria Camacho. Second Row: Debby Cook, LuAnn Tamba, Jo Anne Anspaugh, Robin Miller, Martha Bradley, Diane Swider, Julie Ross, Mrs. Fischer, Advisor.

The Drill Team consists of fourteen girls under the direction of Mrs. Janice Clark. Since our beginning, we have participated in the Peach Festival, Richmond's Good Old Days, Capac's Homecoming, Blue Water Festival, and Brown City's Homecoming Parade. We also perform for civic groups around the community and during half-times of football and basketball games we do pom-pom routines and precision routines. We are all looking forward to seeing you at the games and the parades.

In 1952, Mrs. O.B. Kahn, R.N., Formed the Capac Chapter of the National Association of Future Nurses. In 1958, Mrs. Carl Lang R.N., joined Mrs. Kahn as club sponsor. We were first known as the Future Nurses Club, but in the fall of 1970, we changed our name to Health Careers Club so that we might interest boys as well as girls in all medical fields. Our function and purpose is to interest students.

Members of our club look into all aspects of medicine by helping with health projects, health clinics, and volunteer work at the hospital. Each is required to do 24 hours of volunteer work and maintain a C+ average in school work.

Look at those bleachers!

The functions of Student Council are more than just approving parties or money-making projects for classes and clubs.

Our first major role came with the magazine sale. We had good participation from all the classes and the sale was a huge success. While the final weeks of the sale was going on, Homecoming week arrived. We had to set up the major activities of the school. After the Homecoming game, we put on the Homecoming dance which was a complete success and everyone seemed to enjoy themselves.

Christmas rolled around the same time as usual and the Council wanted to do something special. So a committee was set up and we decided to send \$50.00 to the Port Huron Tunnel Relief Fund. We also thought about our teachers and staff. Each received a package of candy to show our appreciation, which we bought from the Lapeer Home to help their funds.

We bought new bleachers for the football field which were put to good use during the season.

We also gave out three senior scholarships and two junior scholarships.
